

RVGard

AUSTRALIA'S NO.1 EXTERIOR - INTERIOR RV PROTECTION

Our formulations are environmentally friendly and are water based. This means no harmful odours or poisonous vapours like the solvent based treatments, this is particularly important when applying interior treatments.

Generally we apply our products at your place of purchase prior to delivery of your van. However we can also offer a mobile service where we can come to you. So if you're purchasing a new van or you want to protect your pre-loved van, **RVGard** have a solution for you.

RVGard Anti-Microbial Protection

Did you know the average caravan interior has over 800 types of bacteria living inside,
10 times more than the average toilet seat?

RVGard Anti Microbial Shield will sanitise your van for up to 6 months against pathogens including bacteria, viruses, fungus and parasites that cause illness.

RVGard Maintenance Pack

All **RVGard** protection programs receive a complimentary Exterior and Interior Maintenance Pack.

- Professional installation nationwide
- Lifetime Guarantee supported by a National Warranty Network

The Ultimate in complete RV Interior & Exterior Protection

RVGard was created by industry professionals committed to delivering the latest in technologically and environmentally sound protection products for your Recreational Vehicle. **RVGard** is part of a national company with an infrastructure exceeding over 70 branded stores and over 300 authorised application and inspection centres, making it the biggest of its kind in Australia.

After many years of research and product development and thousands of vehicle applications later, we are confident that our products will ensure the interior and exterior of your van is completely protected. We are so confident in fact that we are prepared to offer a lifetime warranty.

We are also proud to say we are the first company in the RV sector to offer this unprecedented lifetime warranty on our products, ensuring lasting peace of mind.
