**Goldstream RV**

*With you all the way*  
**WWW.GOLDSTREAMRV.COM.AU**

*Taking you places*  
**NEVER BEFORE EXPLORED**

At Goldstream RV we are committed to our customers, our brand, our people and our products. We use only the highest quality materials available and apply them in the smartest finish and designs for today's marketplace.

However, we also understand that sleek exteriors and stunning, spacious interiors aren't everything. Our Pop Tops are built for the adventurous traveller. It all starts from the ground up: we are extremely mindful that people are looking for superior comfort, yet still want to get to those hard-to-reach places that frequently make the best holiday spots. We build all of our Pop Tops to truly embody this principle.

Welcome to the all New Goldstream Pop Top Range, your world of adventure awaits.

## STANDARD FEATURES

The Goldstream RV range of Pop Tops is the result of many years of customer involvement. We offer a number of RV layouts with different combinations of some of our most popular RV features. Across the board, our standard feature range will enhance your experience and ensure that you have everything you need from your Pop Top, whether you are taking a short break or an extended trip into the outback.

Let Goldstream RV prepare a Pop Top to your requirements.

## *Goldstream RV* **QUALITY**

State of the art machinery and quality materials equals best finish. We offer our customers the latest in manufacturing technology, including our in-house CNC and edge banding machines which give our custom build furniture a flush modern look and superior finish.

Goldstream RV takes pride in our products which is quite evident in our finish, all furniture is checked out and jointed and then screwed and glued by our highly skilled team using 15mm European Poplar ply which is lightweight, moisture resistant and highly durable.

All our products are rigorously tested from the ground up, we choose products that work when they need to so peace of mind is assured.

▼ Single Bed Layout

▼ Combo 3-Burner Stove & Sink

▼ Double Bed Layout

# Mini 1200 Series

Neat and compact with comfort you could only dream about in a small Pop Top. The Mini 1200 range has two great layouts all designed around small car towing capacities and height restrictions in the home garage.

The Mini offers exceptional internal storage utilising all the available space throughout with storage underneath seating, beds, kitchen and various other areas within the van. If you have limited space and a small car the Mini 1200 Series is one van to check out.

# 1760 – 1860 Series

The Goldstream RV range of 1760 – 1860 Pop Tops has been developed from years of customer involvement. We offer a number of layouts with different variations and combinations of our most popular models.

Our range includes models with a front kitchen or café seats with dinettes and lounges to shower and toilet models. The introduction of combination shower and toilet models and the rear ensuite model has seen a complete change in the way our customers are viewing touring holidays. You can now stay away from Caravan Parks in that perfect free camping area and have the complete independence of your own amenities.

We have now introduced new packages to the range which will only enhance your caravanning experience.
